#### Date of Management's Review

In preparing the financial statements, the Corporation has evaluated events and transactions for potential recognition or disclosure through March 18, 2016, the date the financial statements were available to be issued.

## **B. FAIR VALUE MEASUREMENTS**

The Corporation applies Generally Accepted Accounting Principles (GAAP) for fair value measurements of financial assets that are recognized or disclosed at fair value in the financial statements on a recurring basis. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Corporation has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following tables present assets that are measured at fair value on a recurring basis at December 31, 2015 and 2014:

|                              | Level 1           | Level 2            | Level 3   | Total              |

These funds are invested primarily in the United States Olympic Endowment and money market funds, pursuant to the Corporation's spending objectives of subjecting the fund to low investment risk and providing support for the restricted programs. The Corporation normally expends the investment earnings from the permanently restricted endowment in the year it is earned. The Corporation intends to maintain at least \$1,500,000 in the Athlete Endowment Fund.
