INDEPENDENT AUDITOR'S REPORT

Board of Directors **USA Shooting, Inc.** Colorado Springs, Colorado

We have audited the accompanying financial statements of USA Shooting, Inc. (a nonprofit organization), which comprise the statements of financial position as of December 31, 2019 and 2018, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of USA Shooting, Inc. as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

USA Shooting, Inc. ("Organization") was incorporated on March 18, 1994 as a Colorado nonprofit corporation. The purpose of the Organization is to advance amateur competition both nationally and internationally in the sport of shooting.

Basis of Presentation

The financial statements of the Organization have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Accounting pronouncements adopted

Effective January 1, 2018 the Organization adopted ASU 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*. The ASU amends the current reporting model for nonprofit organizations and enhances their required disclosures. The major changes include: (a) requiring the presentation of only two classes of net assets now entitled "net assets without donor restrictions" and "net assets with donor restrictions", (b) modifying the presentation of underwater endowment funds and related disclosures, (c) requiring the use of the placed in service approach to recognize the expirations of restrictions on gifts used to acquire or construct long-lived assets absent explicit donor stipulations otherwise, (d) requiring that all nonprofits present an analysis of expenses by function and nature in either the statement of activities, a separate statement, or in the notes and disclosure of quantitative and qualitative information regarding liquidity and availability of resources, and (f) modifying other consolidated financial statement reporting requirements and disclosures intended to increase the usefulness of nonprofit financial statements.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounting pronouncements adopted (continued)

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers* ("ASC Topic 606"), which replaces numerous requirements in US GAAP, including industry-specific requirements, and provides companies and organizations with a single revenue recognition model for recognizing revenues from contracts with customers. On January 1, 2018, the Organization early adopted the requirements of ASC Topic 606 and the amendments related thereto and applied the new requirements to all contracts using the modified retrospective method. Upon implementation assessment of ASC Topic 606, mangement concluded that membership dues did not result in a material obligation to the Organization and, accordingly, should be recognized when received. See Note 11 for the impact to opening net assets without donor restrictions upon implementation. Additional disclosures required by ASC Topic 606 are presented within the notes to the financial statements.

In 2019, the Organization adopted ASU No. 2018-08, *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* ("ASC Topic 958") on a modified prospective basis. This ASU clarifies how a not-for-profit entity determines whether a resource provider is participating in an exchange transaction or a contribution, helps an entity to evaluate whether contributions are considered conditional or unconditional by stating that a conditional contribution must have (1) a barrier that must be overcome and (2) a right of return or release of obligation, and modifies the simultaneous release option currently in US GAAP, which allows a not-for-profit entity to recognize a restricted contribution directly in net assets without donor restrictions if the restriction is met in the same period that revenue is recognized.

Cash and equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash and equivalents. The Organization maintains its cash and equivalents in bank deposit accounts in which the deposits are guaranteed by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. At various times throughout the year, the Organization may have cash that exceeds the federally insured amount. The Organization does not anticipate nonperformance by these financial institutions.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Inventory

Inventory consists of merchandise, targets and ammunition held for sale. Donated inventory is recorded at fair market value on the date of receipt. Purchased inventory is recorded at the lower of cost or market value using the first-in, first-out method of acocunting.

Property and equipment

All acquisitions of property and equipment in excess of \$1,000 are capitalized and recorded at cost or fair value if donated. Depreciation is provided on a straight-line basis over the estimated useful lives of the assets ranging from 5 to 20 years.

Depreciation expense for the years ended December 31, 2019 and 2018 totaled \$87,769 and \$84,411, respectively.

Net assets

The financial statements present information regarding the financial position and activities according to two classes of net assets: net assets without donor restrictions; and net assets with donor restrictions, which represent resources restricted by donors as to purpose or by the passage of time.

Contributions

Contribution income is recorded when cash is received, when unconditional promises are made, or when ownership of contributed assets are transferred to the Organization. In accordance with US GAAP, contributions received are recorded as without donor restrictions or with donor restrictions depending on the existence and/or nature of donor restrictions. When a restriction expires (when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Donated services and materials

Donated services and materials are recorded as both a revenue and expenditure in the accompanying statements of activities at their estimated values. Contributions of services are recognized if the services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills and would typically need to be purchased if not provided by donations.

Revenue recognition

The Organization receives revenue from membership dues, entry fees for competitions, and from the sale of its merchandise from the online store. Revenue from these sources are considered to be contracts with customers under ASC Topic 606. Revenue from these sources are recognized as performance obligations are met. For membership dues, management determined upon implementation of ASC Topic 606 that there were no material performance obligations of the Organization and, accordingly, membership dues are recognized as revenue when received. For entry fees for competitions and merchandise sales, performance obligations are considered to have been met when the competition takes place or when the customer receives the merchandise.

Functional allocation of expenses

The costs of providing various program services and supporting activities have been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the program services and supporting activities benefited. Expenses are recorded when costs are incurred. The majority of expenses are comprised of travel, lodging, food, site costs, etc. which are allocated to program as the costs are associated with events the Organization hosts and/or events their athletes attend. For salaries expense, the Organization reviewed the salaries for each employee and allocated the expense as a percentage of time effort spent in each category. Remaining expenses are allocated to the category to which they directly relate.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income taxes

The Organization is exempt from income taxes under Internal Revenue Code ("Code") Section 501(c)(3) and is not a private foundation under Section 509(a)(2) of the Code. The Organization evaluates the effect of uncertain tax positions, if any, and provides for those positions in accordance with the provisions of FASB ASC 450, Contingencies. No tax accrual for uncertain tax positions has been recorded as management believes there are no uncertain tax positions.

Subsequent events

Management evaluated subsequent events through the date of the attached independent auditor's report, the date on which the financial statements were available to be issued.

2. LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following as of December 31,:

| | 2019 | 2018 |
|---|-------------------------|----------------------------|
| Cash and equivalents Endowment assets | \$ 324,837 2,571,026 | \$ 579,536 2,179,417 |
| Total financial assets | 2,895,863 | 2,758,953 |
| Less amounts unavailable for general expenditures within one year due to donor restrictions | (2,781,001) | (2,179,417) |
| Financial assets available to meet cash needs for general expenditures within one year | <u>\$ 114,862</u> | <u>\$ 579,536 </u> |

As part of the Organization's liquidity management plan, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. Additionally, the organization invests cash in investments with the United States Olympic Endowment. In addition to financial assets available to meet general expenditures over the next 12 months in the table above, the Organization also operates in accordance with a board approved budget and anticipates collecting sufficient revenue to cover general expenditures.

3. ENDOWMENT ASSETS AND FAIR VALUE MEASUREMENTS

The Organization has investments which are held in an investment pool owned and maintained by the United States Olympic Endowment ("USOE"). The investments are included in the endowment asset in the accompanying statements of financial position. All investments are in the name of the USOE. The USOE invests in investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investments will occur in the near term and that such changes could materially affect the recorded amount of investments in the Organization's financial statements.

The Organization is subject to a framework for measuring fair value pursuant to US GAAP. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

3. ENDOWMENT ASSETS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Fair value measurements of assets recognized in the accompanying financial statements, measured at fair value on a recurring basis, consist of the following as of December 31:

| | | | | 20 ⁻ | 19 | | | |
|--|----|--------------|------|-----------------|---------------|---------|---------|---------------------|
| | | Level 1 | Le | vel 2 | Level 3 | } | | Total |
| Cash and equivalents USOE pooled investment | | 77,856 | \$\$ | - | \$ | | | 77,856 ,493,170 |
| | φ | 77,856 | ф | - | \$ 2,493,1 | 70 | ąΖ | ,571,026 |
| | | | | 20 ⁻ | 18 | | | |
| | | Level 1 | Le | vel 2 | Level 3 | } | | Total |
| Cash and equivalents USOE pooled investment | | 123,886 - | \$ | - | \$ 2,055,5 | - 31 | \$ 2 | 123,886 ,055,531 |
| | \$ | 123,886 | \$ | _ | \$ 2,055,5 | 31 | \$ 2 | ,179,417 |

USOE investment pool

The Organization's investment in the USOE investment pool is stated at the fair value provided by the USOE. Certain investments in the USOE investment pool are valued using Level 3 inputs; therefore, the Organization's investment in the USOE pool is considered a Level 3 investment.

The Organization may terminate its investment agreement with the USOE effective at the end of any calendar month upon the giving of at least 90 days written notice or upon shorter notice acceptable to the USOE if the USOE determines that adequate liquidity exists in the portfolio to permit early termination.

3. ENDOWMENT ASSETS AND FAIR VALUE MEASUREMENTS (CONTINUED)

USOE investment pool (continued)

The allocation of the USOE investment pool to the Organization consisted of the following at December 31:

| | 2019 | 2018 |
|--|------------|------------|
| Alternative investments* | 37% | 39% |
| | 32% | 30% |

*Alternative investments include hedge equity funds, private equity funds, real estate funds, and limited partnerships.

Total investment income (loss) is comprised of the following for the years ended December 31:

| | 2019 | | 2018 |
|---|-------------------------|-----|--------------------------|
| Interest and dividend income Net realized and unrealized gains (losses) on investments | \$ 20,793 385,144 | · - | \$ 17,703 (80,086) |
| Total | \$ 405,937 | : = | \$ (62,383) |

3. ENDOWMENT ASSETS AND FAIR VALUE MEASUREMENTS (CONTINUED)

USOE investment pool (continued)

The following is a reconciliation of the beginning and ending balances of recurring fair value measurements recognized in the accompanying statements of financial position using significant unobservable (Level 3) inputs:

| | USOE Pooled Investments |
|------------------------------|-------------------------------|
| Balance, January 1, 2018 | \$ 2,059,076 |
| Additions | 60,338 |
| Unrealized loss | (128,769) |
| Realized gains | 48,683 |
| Interest and dividend income | 16,203 |
| | |
| Balance, December 31, 2018 | 2,055,531 |
| Additions | 31,849 |
| Unrealized gains | 272,066 |
| Realized gains | 113,078 |
| Interest and dividend income | 20,646 |
| Balance, December 31, 2019 | <u>\$ 2,493,170</u> |

4. PROPERTY AND EQUIPMENT

Property and equipment consists of the following at December 31:

| | 2019 | 2018 |
|--|--------------------------|--------------------------|
| Tournament equipment Computer equipment | \$ 472,560 1,383,806 | \$ 463,874 1,383,807 |
| Accumulated depreciation | 1,856,366 (1,524,213) | 1,847,681 (1,436,444) |
| Property and equipment, net | \$ 332,153 | \$ 411,237 |

5. NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions as of December 31, 2019 and 2018 consist of the following: an endowment held with the USOE as of December 31, 2019 and 2018 (see Note 6).

| | 2019 | 2018 |
|---------------------------------------|-------------------------|------------------|
| Endowment asset ISSF Olympic grant | \$ 2,571,026 209,975 | \$ 2,179,417 |
| | \$ 2,781,001 | \$ 2,179,417 |

6. ENDOWMENTS

The Organization's endowments consists of two individual funds established for a variety of purposes. As required by US GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

During 2008, the State of Colorado adopted the Uniform Prudent Management of Institutional Funds Act ("UPMIFA"). The Organization has interpreted UPMIFA as requiring the preservation of the original fair value of the gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, and (b) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund
- 2) The purposes of the Organization and the donor-restricted endowment fund
- 3) General economic conditions
- 4) The possible affect of inflation and deflation
- 5) The expected total return from income and the appreciation of investments
- 6) Other resources of the Organization
- 7) The investment policies of the Organization.

6. ENDOWMENTS (CONTINUED)

Changes in endowment net assets for the years ended December 31, 2019 and 2018 is as follows:

| Endowment net assets, January 1, 2018 | \$ 2,194,907 |
|---|--------------|
| Investment income | (64,240) |
| Contributions | 112,870 |
| Program expenditures | (64,120) |
| Endowment net assets, December 31, 2018 | 2,179,417 |
| Investment income | 403,471 |
| Contributions | 51,826 |
| Program expenditures | (63,688) |
| Endowment net assets, December 31, 2019 | \$ 2,571,026 |

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. In accordance with US GAAP, deficiencies of this nature are reported in unrestricted net assets. There were no such deficiencies as of December 31, 2019 and 2018.

These funds are invested primarily in the United States Olympic Endowment and money market funds, pursuant to the Organization's spending objectives of subjecting the fund to low investment risk and providing support for the restricted programs. The Organization normally spends the investment earnings from the endowment held in perpetuity in the year it is earned.

7. COMMITMENTS AND CONTINGENCIES

Leases

Effective June 2004, the USOPC assigned its rights to the Organization in a lease of the outdoor range at Ft. Carson, Colorado. The Organization currently has a lease for the outdoor range which expires on April 30, 2022. No payments are required under the terms of the lease, and consideration is given in the form of maintenance, protection, repair and restoration of the premises.

7. COMMITMENTS AND CONTINGENCIES (CONTINUED)

Leases (continued)

Effective January 2014, the Organization entered into a ten year building lease agreement with the USOPC. The terms of lease require monthly payments of \$750 and the USOPC is responsible for all building maintenance expenses. Total rent expense under this lease totaled \$9,000 each year for the years ended December 31, 2019 and 2018.

Future minimum payments under the USOPC lease agreement as of December 31, 2019 are as follows:

| Years Ending December 31, | |
|------------------------------|--------------|
| 2020 | \$ 9,000 |
| 2021 | 9,000 |
| 2022 | 9,000 |
| 2023 | 9,000 |
| 2024 | 750 |
| | |
| | \$ 36,750 |

Contingencies

In the ordinary course of business, the Organization is a party to legal proceedings, the outcome of which, individually and in the aggregate, is not expected to be material to the Organization's business or financial condition.

8. RETIREMENT PLAN

The Organization sponsors a 401(k) retirement plan covering all eligible employees. The Organization can make discretionary matching contributions contributions of 3% to 5% of eligible employee compensation. Employer contributions to the plan for the years ended December 31, 2019 and 2018, totaled \$26,897 and \$20,834, respectively.

9. RELATED PARTY TRANSACTIONS

The Organization is a member of the USOPC. The USOPC serves as the National Olympic Committee and National Paralympic Committee for the United States and was formed to support the US Olympic and Paralympic athletes. The Organization receives grants from the USOPC for sports development, international competition and team preparation.

Total support received from the USOPC during the years ended December 31, 2019 and 2018 totaled \$1,151,250 and \$1,050,878, respectively. The Organization is economically dependent upon the grants from the USOPC in order to maintain its programs at current levels.

As of December 31, 2019 and 2018, the Organization owed the USOPC \$159,498 and \$54,272, respectively.

10. CONTRIBUTED SUPPLIES AND SERVICES

During the years ended December 31, 2019 and 2018, the Organization received contributed rent from the USOPC totaling \$702,306 each year. Prior to 2018, contributed rent was not recorded in the Organization's financial statements as it was not valued by the USOPC.

Additionally, during the years ended December 31, 2019 and 2018, the Organization received contributed travel from the USOPC totaling \$96,817 and \$89,740, respectively.

These amounts have been recognized as both revenues and expenses in the accompanying financial statements, and the expenses have been allocated to the programs benefited.

11. CUMULATIVE EFFECT ADJUSTMENT

The Organization early adopted ASC Topic 606 effective January 1, 2018 using the modified retrospective method and, accordingly, the new guidance was applied retrospectively to all active memberships as of the date of adoption. Upon implementation, management determined that the membership dues did not result in a material performance obligation for the Organization and, accordingly, all membership dues are recognized as revenue when payment is received. As a result, the Organization has recorded a cumulative effect adjustment to net assets as follows:

| Net assets without donor restrictions under previous guidance | \$ 2,112,537 |
|---|--------------|
| Impact of the adoption of ASC Topic 606 | 186,738 |
| Net assets without donor restrictions under ASC Topic 606 | \$ 2,299,275 |

12. SUBSEQUENT EVENT

On March 11, 2020, the World Health Organization characterized an outbreak of novel strain of coronavirus ("COVID-19") as a pandemic and on March 13, 2020, the United States declared a national emergency. As a result, the current economic environment has presented companies and organizations with unprecedented circumstances and challenges. Potential impacts to the Organization include disruptions and restrictions on the ability of employees to work, travel and other restrictions imposed by governments, as well as the possibility of post-ponements and cancellations of events. COVID-19 is also expected to adversely affect economies and financial markets in the United States and throughout the world. The extent of the impact on the Organization's financial position, operating results and cash flows will depend on future developments, including the duration and spread of the outbreak, which are highly uncertain and cannot be predicted.

Communication to the Board of Directors

and

Memorandum on Business Matters and Internal Control

December 31, 2019 and 2018

July 23, 2020

To the Board of Directors USA Shooting, Inc. Colorado Springs, Colorado

This letter is intended to inform the board of directors of the USA Shooting, Inc. (the "Organization") about significant matters related to the conduct of the audits so that it can appropriately discharge its oversight responsibility, and so that we comply with our professional responsibilities to those charged with governance.

The following summarizes various matters that must be communicated to you under our professional standards.

THE AUDITOR'S RESPONSIBILITY UNDER PROFESSIONAL STANDARDS

Our audits of the financial statements of the Organization as of and for the years ended December 31, 2019 and 2018 were conducted in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable, rather than absolute assurance about whether the financial statements are free of material misstatement, whether caused by error or fraud. Our audits included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, obtaining an understanding of internal control, and performing such other procedures as we considered necessary in the circumstances. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

MANAGEMENT JUDGMENTS AND ACCOUNTING ESTIMATES

Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses its knowledge and experience about past and current events and certain assumptions about future events. Estimates significant to the financial statements are as follows:

- Functional expense allocation
- Estimated useful lives of property and equipment
- Valuation of investments

The board of directors may wish to monitor throughout the year the process used to compute and record these accounting estimates.

AUDIT ADJUSTMENTS

We proposed adjustments to the trial balance provided to us at the beginning of the audits. See attached for listing of audit adjustments.

UNCORRECTED MISSTATEMENTS

During the course of our audit work, we noted uncorrected misstatements that were determined by management to be immaterial to the financial statements taken as a whole as follows:

| Proposed Journ | al Entries JE # 42 | | |
|-----------------------------------|---|-----------|-----------|
| | pact of the extrapolation from the amounts cruals based on cash disbursement testing. | | |

| James improper December 31, 20 | ly excluded from accounts payable as of 018. | 5,775.00 | 5,775.00 |

ACCOUNTING POLICIES AND ALTERNATIVE TREATMENTS

• Adoption of Accounting Policies

The board of directors has the ultimate responsibility for the appropriateness of the accounting policies used by the Organization. The Organization adopted three new accounting pronouncements:

- ASU No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities,* effective January 1, 2018
- ASU No. 2014-09, *Revenue from Contracts with Customers* ("ASC Topic 606"), effective January 1, 2018
- ASU No. 2018-08, Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made, effective January 1, 2019

• Significant or Unusual Transactions

We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

• Critical Accounting Policies and Practices

The primary responsibility for establishing the Organization's critical accounting policies and practices applied in its financial statements rests with management. A summary of the significant accounting policies adopted by the Organization is included in Note 1 to the financial statements. There have been no initial selections of accounting policies and no changes in significant accounting policies or their application during the years ended December 31, 2019 and 2018. We noted no transactions entered into by the Organization during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is lack of authoritative guidance or consensus. We believe management's disclosures regarding such policies and practices are adequate.

• Alternative Treatments Discussed With Management

We did not discuss with management any alternative treatments under accounting principles generally accepted in the United States of America for accounting policies and practices related to material items during the current audit periods.

OTHER INFORMATION IN DOCUMENTS CONTAINING AUDITED FINANCIAL STATEMENTS

Our responsibility for other information in documents containing the Organization's financial statements and our auditor's report does not extend beyond the financial information referred to in our auditor's report. We are not aware of other documents that contain the Organization's audited financial statements.

DISAGREEMENTS WITH MANAGEMENT

We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgment on any significant matters, the scope of the audits, or significant disclosures to be included in the financial statements.

CONSULTATION WITH OTHER ACCOUNTANTS

We are not aware of any formal consultations management had with other accountants about accounting or auditing matters. Management periodically obtains accounting assistance from BiggsKofford, P.C.

MAJOR ISSUES DISCUSSED WITH MANAGEMENT PRIOR TO RETENTION

No major issues were discussed with management prior to our retention to perform the aforementioned audits.

DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDITS

While we did not encounter any difficulties in dealing with management relating to the performance of the audits, the audits were delayed and took additional time to complete due to the lack of account reconciliations and numerous audit adjustments proposed.

MEMORANDUM ON BUSINESS MATTERS AND INTERNAL CONTROL

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audits of the financial statements of the Organization for the years ended December 31, 2019 and 2018 in accordance with auditing standards generally accepted in the United States of America, we considered the Organization's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies and other deficiencies that we consider to be material weaknesses.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect financial statement misstatements on a timely basis. A deficiency in design exists when a control necessary to meet the control objective is missing, or when an existing control is not properly designed so that even if the control operates as designed, the control objective is not always met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or qualifications to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in the internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Organization's annual or interim financial statement will not be prevented or detected on a timely basis.

MATERIAL WEAKNESSES

During our audits of 2018 and 2019, we noted several material weaknesses in internal control which have been summarized below.

Internal financial statements and oversight:

USA Shooting incurred a loss from operations in 2018 in excess of \$1.6 million. This loss has significantly impacted the financial stability of the Organization. The operating budget was not monitored at an adequate level during 2018, nor were any significant adjustments made to operations to minimize the loss. Additionally, the internal financial statements made available to those responsible for governance were not accurate, making it difficult for management and the Board to make decisions related to operations.

We recommend the board approved budget be monitored on a monthly basis. Significant budget variances should be explained and plans should be developed to address any shortfalls in income and any negative variances in expenses should be explained.

Bank reconciliations:

We noted that USA Shooting's bank accounts had not been properly reconciled for many months and there were several old unreconciled transactions. It appeared QuickBooks bank reconciliation module had not been used or cleaned up for an extended period of time, which made it difficult to determine the checking account balance at year-end. We proposed an adjustment to each cash account, including an adjustment of almost \$170,000 to the checking account at December 31, 2019.

Management MUST reconcile all cash accounts on a monthly basis. Each reconciliation should be reviewed and approved.

<u>Unreconciled accounts:</u>

During the course of the audits, we proposed and recorded over 50 audit adjustments to the trial balances given to us by management. The adjustments ranged from approximately \$10,000 to \$200,000 and represent errors in USA Shooting's financial statements that were detected by our auditing procedures. This is an extremely high number of audit adjustments for an organization this size.

We recommend USA Shooting implement monthly and yearly accounting close processes that require reconciliation of all balance sheet accounts and review of income and expense accounts for reasonableness. These reconciliations should be reviewed and approved by someone other than the preparer.

• <u>Supporting documentation</u>

We requested supporting documentation for several income and expense accounts as part of our audit procedures. Quite often management could not locate the original supporting documentation and had to request this information from the vendor and/or source of the revenue.

We recommend that management follow their document retention and destruction policy or update it as necessary and maintain organized records for income and expense transactions.

Inventory

Management failed to maintain adequate inventory records that substantiated year-end balances. We obtained various inventory reports and were forced to back into inventory balances for 2018 and 2019, which was a difficult and time intensive process.

We recommend management count inventory held for sale more frequently and make sure the inventory listings are updated and reconciled to the general ledger accounts regularly. Additionally, we recommend that management request inventory reports from the third party responsible for managing the offsite inventory, and those reports be reconciled to the general ledger regularly.

• Endowment records

The USOE Bunker Club account was understated by over \$160,000 at December 31, 2019. Additionally, USA Shooting did not have adequate endowment records that described the nature and terms of the endowment.

We recommend that the endowment activity be reconciled monthly and that

management maintain sufficient endowment documentation that describes the nature and terms of the agreement.

• Property and equipment

USA Shooting does not maintain a depreciation schedule for property and equipment. This schedule was prepared during the audit and several large adjustments were made to the various account balances.

We recommend a depreciation schedule be maintained by management and accounts be reconciled at least on an annual basis.

<u>Accounting System</u>

USA Shooting utilizes Quickbooks Online for its accounting system. It was clear that finance staff did not possess adequate knowledge of system, therefore, many duplicate entries, coding errors, inadequate descriptions, etc. were noted.

USA Shooting must ensure that finance staff possess the proper knowledge of its accounting system and maintain a clean and accurate general ledger.

CLOSING

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to USA Shooting, Inc..

This report is intended solely for the information and use of the board of directors and management and is not intended to be and should not be used by anyone other than the specified parties.

Sincerely,

BiggsKofford, P.C.

BiggsKofford, P.C. Colorado Springs, Colorado

USAS Management Response BiggsKofford Memorandum on Business Matters and Internal Control For periods ending December 31, 2019 and 2018 July 30, 2020

Background and Activity

In July 2019, a new Finance Committee of the Board of Directors was established. Over the next several months, it was acknowledged that there was a lack of appropriate financial reporting, cash management as well as a lack of adequate internal controls. The immediate priority was appropriate daily cash management and forecasting. New monthly financial and cashflow reporting was implemented in early 2020 that included comparisons to prior year and budget as well as monthly reforecasting of current year. The USAS balance sheet had apparent issues and old adjustments had not been made dating back as far as 2014 in the accounting system. An organizational priority was established to contract for and complete the 2018 and subsequently the 2019 audit to ensure full reconciliation and required adjustments, methodologies and associated required internal control processes were identified. A new Audit firm was identified and contracted, BiggsKofford, to complete 2018 and 2019 USAS financial audit. During this time, it became apparent that USAS financial staffing resources were not adequate to ensure appropriate financial management and controls. Alternative options were evaluated ultimately resulting in a contract for outsourced financial management services with Altruic Partners. Altruic Partners provides services for a number of other similar National Governing Bodies. In addition, certain financial internal controls were identified and implemented. Altruic Partners has completed the transition, is implementing the necessary audit directed 2018 and 2019 year-end adjustments and will be publishing new 2020 monthly and year to date financials in the coming weeks. In addition, a new Financial Internal Controls policy will be documented, reviewed and presented to the full board for adoption along with appropriate audits against the adherence to the defined policies.
